

CLIN AST/ASO/FULL PROF
Rheumatology and Clinical Immunology
Position #

Minimum Requirements:

Candidates should have a MD/DO

Preferred Qualifications:

BE/BC in Rheumatology

Add to Job Description:

The University of Florida College of Medicine-Jacksonville, Department of Medicine, Division of Rheumatology & Clinical Immunology, seeks candidates for a full-time faculty position to join a growing academic practice with a Fellowship Program. The division is well known for its musculoskeletal ultrasound expertise and has high fidelity equipment. Prospective faculty will be invited to participate in the education and research missions of the division.

Responsibilities will include patient care primarily in an ambulatory based setting, resident and student teaching, and research. Appointment will be at the tenure/non-tenure accruing level of Assistant/Associate/Full Professor, based on qualifications. Salary is negotiable; excellent benefits.

With more than 6,200 faculty and staff, UF Health in Jacksonville is the largest UF campus outside of Gainesville. UF COM-J physicians offer primary care and specialty services in practices throughout Northeast Florida and Southeast Georgia, tallying more than 650,000 outpatient visits and more than 40,000 inpatient admissions annually.

UF Health in Jacksonville, Florida, is comprised of:

- UF Health Jacksonville, an academic health center near Downtown Jacksonville and home to the area's only adult and pediatric Level I trauma program
- UF Health North, a 92-bed hospital and outpatient medical campus in North Jacksonville
- UF Health Science Center Jacksonville, which encompasses three UF colleges in Jacksonville: Medicine, Nursing and Pharmacy
- UF Jacksonville Physicians, Inc., a network of primary and specialty care centers offering exceptional patient care throughout Northeast Florida and Southeast Georgia

The UF COM-J is the largest of the three colleges at the Health Science Center Jacksonville. We excel in education, research and patient care that expresses our steadfast values of compassion, excellence, professionalism and innovation. The college's 16 clinical science departments house more than 450 faculty members, 1,560 staff and 384 residents and fellows, as well as medical students from UF and around the country. We offer an incredible breadth of clinical training programs and proud to train many of best primary care providers and specialists throughout the region, the state and the country.

Research, discovery and innovation are critical aspects of our clinical campus and we have some of the country's leading researchers at our locations searching for and finding new treatments and clinical options.

The UF COM-J faculty, administrators, residents, fellows, students and staff work as a team in

pursuit of our common mission — to heal, to comfort, to educate and to discover through quality health care, elimination of health disparities, medical education, innovation and research.
